Fall 2009

LAST CHANCE FOR EARLY RENEWAL!

Many of you have already taken advantage of our May and August early renewal specials, thereby earning vouchers to apply to next year's renewals.

But if you *haven't* renewed, we are trying one last time to encourage you to do so before the December-January rush, when both your office and ours will be at their busiest.

It's the smart thing to do. You'll save time by ordering early, and saving time means saving money. And if that isn't reason enough, here's another incentive:

Free Software!

Renew any CFS software title by October 31st, and get the 2009 version of *CFS W4 Calculator* or *Tax Corresponder*, **FREE!***

CFS W4 Calculator will help you calculate the correct number of W4 and DE 4 allowances for your clients, and *Tax Corresponder* includes hundreds of time-saving, customizable tax correspondence templates. (For more information on these two useful programs, see **Page 2**.)

Renew now and treat yourself to free software!

* If you have already renewed early and want to take advantage of this offer, call CFS at 800-343-1157, or fax your request to 805-522-0187.

LAST CHANCE FOR SUPPLIES DISCOUNT!

Order your forms, envelopes, and tax return supplies by October 31st to take **10% off the regular low price**.

When you buy forms from CFS, you know you are buying forms that are compatible with CFS software. And our prices are *significantly* lower than those of our competitors.

Our tax return supplies are also competitively priced and come in a wide variety of styles and colors. The *Label/Envelope Maker* in CFS programs will print slipsheets to match all of the tax return folders and envelopes we sell.

Order from our supplies catalog or online at *TaxTools.com*. You can also generate a forms order sheet from within *CFS Payroll System* by selecting "Complete Forms Order..." from the Help menu.

W2/1099 & PAYROLL CORRECTOR

W2/1099 Payroll System and *Payroll Corrector* are currently available for download at *TaxTools.com*.

If you renewed *W2/1099* by May 31st, you will receive a **free forms starter kit** by mail. You will receive a software CD by mail if you chose to pay for shipping when you ordered the program.

941c AND 941-X

Form 941c is now obsolete, replaced by Form 941-X. An early version of Form 941-X, included in *Payroll Corrector 2008*, is also now obsolete.

You must use the current version of Form 941-X to correct Forms 941. The current version of Form 941-X is included in *Payroll Corrector* beginning with the 2009 version. *Payroll Corrector* also includes Forms 943-X, 944-X, 945-X, W-2c, W-3c, and state correction forms for California and New York.

WHAT'S NEW AT

CONSENT LETTERS AND TAX CORRESPONDER

On January 1, 2009, new regulations became effective under IRC Sec. 7216 regarding the disclosure and use of tax return information by preparers. The intent was to curtail targeted marketing of extra products to a taxpayer using information obtained to prepare the tax return. Questionable practices by tax preparation firms, including marketing refund anticipation loans, IRA's, mortgage financing and other services, led to these changes.

The new regulations lay out strict rules regarding the wording consents must contain, when and how a client's consent may be obtained, and how long the consent may remain in effect. Violations of these Section 7216 rules may result in a criminal fine of \$1,000 or up to a year in jail.

The new regulations deal with two types of consent: "consent to disclose" and "consent to use." The "consent to disclose" involves restrictions on the release of tax return information to third parties. Specific language and content must be used in formulating consent to disclose statements. The new regulations address these new specifications.

The more controversial section of the new regulations concerns the "consent to use." Rev. Proc. 2008-35 specifies what the consent to use must say: "Unless authorized by law, we cannot use, without your consent, your tax return information for purposes other than the preparation and filing of your tax return."

This restrictive language has caused much debate. Does it mean the tax preparer cannot offer such services as year-end tax planning, W-4 planning, or required minimum IRA distribution calculations without a signed consent?

We have been in contact with the IRS Chief Counsel's Office as well as several prominent seminar instructors in an attempt to clarify this issue, and we have found opinion to be divided.

The opinion of some experts (and the unofficial opinion of the IRS) is that the above services are included as part of the overall tax preparation process and, as such, do not require consent. These experts believe that in most cases the "consent to disclose" is all that is required, and only when releasing information to third parties, such as for a bank loan.

However, others recommend a more conservative interpretation of the regulations and suggest tax preparers obtain a signed "consent to use" from all of their clients. This would offer some protection against disgruntled ex-clients, clients who lose money on investments recommended by the tax preparer, and other such unforeseen circumstances.

For those who wish to take the more conservative approach, we have added a standard "Consent to Use" document to *CFS Tax Corresponder*. "Consent to Disclose" letters for several different purposes were added in an update earlier this year. All consents conform to the requirements of Rev. Proc. 2008-35 and Treas. Reg. Section 301.7216.

WITHHOLDING AND W4 CALCULATOR

The following provisions of the *American Recovery & Reinvestment Act of 2009* may affect your clients' withholding:

- Making Work Pay Credit
- First-time Homebuyer Credit
- Increased Earned Income Credit
- Increased Deductions for Sales Taxes on Car Purchases

For example, for married couples who both work (subject to a \$150K-190K phaseout), total withholding may decrease by up to \$1,600. However, their total Making Work Pay credit is only \$800. You may need to adjust the number of withholding allowances to ensure that they are not underwithheld.

In addition, California has drastically cut exemption credits for dependents, and California taxpayers will see their state withholding increased this fall as a result of recent budget legislation.

CFS W4 Calculator, updated for all recent tax law changes, will accurately calculate the correct number of federal and California withholding allowances to ensure that your clients are not over- or under-withheld.

If you own *CFS W4 Calculator*, now is the time to use it—if not, now is the time to buy it!

Shipping Policy

Our shipping policy allows customers to choose from the following three options:

1. Receive the initial release of each program on CD and download all updates for **\$7 per order**.
2. Receive the initial release and all significant updates on CD for **\$25 per year**.
3. Download the program and all updates: **no CDs = no shipping charge**.

By choosing option three, you will not only save money on shipping, you will also have immediate access to your software. California customers receive the added benefit of not paying sales tax on programs downloaded from the Internet.

There are some exceptions to the shipping policy. Users of the CD versions of *Fill-N-Print Tax Forms* or *Tax Research* do not have a choice of shipping options, as they must receive several scheduled CD shipments.

Also, due to the large number of updates required, users of *NY Sales Tax Preparer* **must** download all updates from the Internet, and therefore cannot choose option two.

Don't forget to download and install your software!

Remember—if you requested the “no CD” shipping option (see *Shipping Policy*, above), you will not receive a CD, so don't forget to download and install your purchased CFS software!

Make sure we have your current e-mail address and our e-mails are not being blocked by your spam blocker, so that we can remind you about updates.

You can also stay informed of updates by periodically checking the “News & Updates” section of our web site at *TaxTools.com*.
