

Quick Reference Guide™

Tables, charts, and other information used by tax professionals

Do you ever need to look up per diem rates for a traveling tax client? Or don't remember what the mileage rate was in 2000? Quick Reference Guide solves this problem.

Newly formatted tables & charts are easier to read and print. Using the Folio search engine, finding what you are looking for is quick and easy.

Don't go fumbling through thick paper-bound books to find what you need. With Quick Reference Guide you'll have handy tax-related tables, charts, addresses, and other useful information at your finger tips during the busy tax season.
