A Newsletter from CFS Tax Software, Inc.

Fall 2014

## 25 YEARS AND WE'RE STILL HERE— THANKS TO YOU!

This year, *CFS Tax Software, Inc.* celebrates its 25th year in the tax software development business.

An enormous THANK YOU to you, our customers, for your continued support. We wouldn't be here without you, and we look forward to many more years of doing business with you!

## A SIMPLE INCENTIVE TO RENEW EARLY

This year we did away with our voucher program, replacing it with a much simpler **Early Renewal Discount**. Customers who renew next year's software by May 31st now receive an *immediate* discount of \$10 off every program renewed. And if they miss that deadline, they can *still* receive \$5 off every program if they renew by August 31st.

**Don't worry if you missed the spring and summer Early Renewal Discount deadlines.** There's always next year. And you still have *one more opportunity* for savings *this year*...

### Renew by October 31<sup>st</sup> to receive:

- **10% off** the first-time purchase of additional CFS software or network upgrades; and
- **10% off** forms, envelopes, and tax supplies.

## DIRECT DEPOSIT IS BEING TESTED

One of the most frequent requests we receive from customers is for Direct Deposit in our *LivePayroll* Program. We have wanted to add this feature for some time. However, we first had to contract with a third-party company that processes electronic payments.

We spoke with several such companies, and we finally chose National Payment Corporation (NatPay), "the leading company to offer third-party processing of Direct Deposit for employee payroll."

Direct Deposit will not add to the initial cost of *LivePayroll*. However, there will be a charge for each transaction.

Direct Deposit has recently entered the testing phase. We are not ready to announce a release date, but we will keep you posted.

## PENALTY/INTEREST CALCULATOR ADDED TO TAXTOOLS

The latest update for TaxTools 2014 (version 14.081) contained a new Penalty and Interest Calculator. The module calculates the late filing and late payment penalties and interest for various types of returns.

If you have TaxTools 2014, make sure you have downloaded and installed the latest update, so that you will have access to this useful module.

If you don't have TaxTools, now is a good time to buy it; you can get both the 2014 and 2015 versions for the price of one year.

See **Page 3** for a list of all of our after-tax-season 2-for-1 specials!

# WHAT'S NEW AT

## NEW IN CFS SOFTWARE

### Foreign Address Support

Foreign address fields were added to the Client database of most CFS programs, providing support for the foreign address fields added to many federal and state forms.

### New Retirement Modules

Two powerful new retirement planning modules have been added to both *TaxTools* and *Financial Planning Tools*:

The **Social Security Optimizer** determines the optimum age to begin receiving benefits for singles and married couples. For couples, it will also determine if it is beneficial to apply social security spousal options, such as File and Suspend, Restricted Spouse Benefit, and Voluntary Suspension of Benefits. Use of the Optimizer can result in a substantial increase in benefits over options typically chosen by Social Security recipients.

The **Retirement Income Withdrawal Planner** generates a long-term retirement income and asset withdrawal plan over client and spouse life expectancies. It includes provisions for income from wages, pensions, social security, part-time work in retirement, and investments. The flexibility of the planner allows the user to not only project a client's current retirement picture, but also to explore a multitude of "what if" scenarios involving rates of growth, inflation, asset shifting, and withdrawal strategies.

Financial Planning Tools .....	\$349 <sup>00</sup>

There are three methods of e-filing—(1) web-based, (2) file upload by the preparer directly to the taxing agency, and (3) file-upload to a third-party provider who then forwards the file to the taxing agency. CFS can only support the second method.

With web-based e-filing, the process cannot be automated. The user must log in to a website and manually enter the information. With the file-upload by the preparer method, the software can create the file and the preparer can either log in to a website and upload the file or transmit the file directly to the agency's Internet portal. CFS can create files in the proper format for e-filing, but the taxing agency must allow for the file to be submitted by the preparer. CFS cannot act as a third-party provider handling customers' e-file data.

**We can only offer e-file where the file-upload method is available and no third-party provider is required.**

Details follow regarding the latest e-file developments in *CFS Payroll System*, *California Sales Tax Preparer*, and *New York Sales Tax Preparer*.

### CFS Payroll System

*CFS Payroll System* currently supports payroll form e-filing for a number of states. We will offer e-filing for additional state forms—and for Form 941—if and when it is possible to directly submit those forms using the file-upload method.

## 2014 E-FILE UPDATE

### California Sales Tax Preparer

In 2010, CFS became the first software company certified for the California Board of Equalization's Direct Transmit program.

Our *California Sales Tax Preparer* software allows the user to complete a Sales and Use Tax Return within the program, then transmit the return and payment directly to the BOE with the click of a mouse button.

### New York Sales Tax Preparer

Unfortunately, the New York State Department of Taxation and Finance uses a manual web-entry system, which means we cannot program our software for automatic e-filing. However, *NY Sales Tax Preparer* can be used to prepare printed forms to assist in manually entering information online.

If, in the future, New York should ever implement a file-upload system similar to California's, we would hope to be able to develop e-file capability for *NY Sales Tax Preparer*.

**In the meantime, we have discounted the price of *NY Sales Tax Preparer* by 50% until such time as we are able to offer e-file capability.**

## REMINDERS...

### Shipping Policies

**Software** is shipped by first-class mail. When ordering software, customers may choose from the following three options:

1. Receive the initial release of each program on CD and download all updates for **\$7 per order**.
2. Receive the initial release and all significant updates on CD for **\$25 per year**.
3. Download the program and all updates: **no CDs = no shipping charge**.

By choosing option three, you will not only save money on shipping, you will also have immediate access to your software. Some customers will receive the added benefit of not paying sales tax on programs downloaded from the Internet.

**Note:** due to the large number of updates required, users of *NY Sales Tax Preparer* **must** download all updates from the Internet, and therefore cannot choose option two.

**Forms and supplies** are ordinarily shipped UPS Ground. Cost depends upon the size of the order and may be higher for shipments outside the contiguous United States.

UPS Next Day and 2nd Day shipping options are also available, with cost depending upon shipment weight and destination.

**Note:**

- UPS can only deliver to a street address, not to a post office box.
- Severe weather may cause a delay in delivery. The UPS package guarantee does not apply when transportation networks are disrupted.

### Installing W2/1099

If you purchase *W2/1099 Payroll System* at the end of the year, months after purchasing other CFS programs, the license code you received when you purchased those other programs **will not work for W2/1099**. You must use the new license code you will receive at the time you purchase *W2/1099*.

The new license code will be on your receipt. You can also look it up at *TaxTools.com* by clicking on **License Code** under **Quick Links**. You will need to log in to your **MyCFS** account.

**If you installed CFS Payroll System (941/940, LivePayroll, or Corrector) at the beginning of the year, you do not need to install W2/1099.** Just make sure you have installed the latest *Payroll System* update containing *W2/1099*. Then open *CFS Payroll System*, click on the “File” menu, click on “Firm Information,” and enter your new license code for *W2/1099* in the “License Code” field.

### Sales Tax and Downloads

Sales tax laws vary from state to state, but generally, if you are a California resident (or, in some cases, a resident of another state purchasing software at a seminar), when you purchase a program on CD we must collect sales tax because you are receiving a **tangible product** (the CD). When you download a program from the Internet, we do not collect sales tax because there is no **tangible product** involved.

However, because most of our programs come on one Multi-Program CD, you may be charged sales tax on a downloaded program if you purchase a CD, **even if you purchase the CD for a different program at a different time**.

If you purchase **any** program on CD, we must charge you sales tax on **every** program you have purchased (or purchase in the future) that is also contained on that CD, **even if you download it**.

## CFS POLICIES AND DISCLAIMERS

### Return/Refund Policy

Software and tax supplies returns will be accepted no later than 30 days from receipt of item(s). All tax year forms/envelopes must be returned sealed and unused within 30 days of receipt, but no later than December 15th of the same tax year. All refunds will be paid less shipping charges.

Shipping damage must be reported as soon as possible (no more than 14 days).

### Free Shipping

There is no shipping charge or sales tax if you download the program and all updates and do not receive a CD. However, if you later request a CD, CFS is required by law to charge applicable sales tax on the original order.

### Update CD Service

There is an annual charge of \$25 if you would like the initial release and all major updates on CD. **Note:** this option is not available for online programs or NY Sales Tax Preparer.

### Multi-Program Network License

You can purchase network upgrades for CFS programs for an additional fee. However, if you purchase several CFS programs, you might want to consider our Multi-Program Network License, which upgrades all CFS programs to the network version for an annual price of \$329.00. The Multi-Program Network License is not a stand-alone program—you must buy the single-user programs you wish to upgrade. This offer does not apply to Fill-N-Print.

### Financial Planning Tools

The 2014 program will change to read-only mode after May 31, 2015. To enter new data after that date, you must order the 2015 program. The 2014 and 2015 programs may be purchased together for a special discount price of \$550.

### Fill-N-Print

After a Fill-N-Print subscription expires, subscribers may still access saved data in "offline" mode. New files may be created once the subscription is renewed.
