A Newsletter from CFS Tax Software, Inc.

Fall 2017

FALL RENEWAL / CONFIRMATION NOTICES

If you have not renewed your CFS products for 2018, you received this newsletter with a **Fall Renewal Notice**. If you *have* renewed, you received a **Confirmation Notice** listing the CFS products you have previously ordered this year.

If you **haven't renewed**, please consider the following benefits of renewing now:

- Avoid the stress of having to place your order when your office and ours are at their busiest.
- Resolve potential software or hardware problems before tax season begins by installing and testing your software early.

And if you renew by October 31st—or have already renewed—you can take advantage of the following offers:

10% Off First-Time Purchases

Place your software renewal order by October 31st, and take **10% off the first-time purchase** of any additional CFS software ordered by October 31st.

10% Off Supplies

Order your forms, envelopes and tax return supplies by October 31st to get **10% off** our already low prices.

See our catalog for a wide selection of forms, envelopes, checks, and tax return supplies.

Renew Online

The quickest, easiest way to renew your software and supplies is to do it online. Go to www.taxtools.com and click on **Renewal Notice** under the **MyCFS** menu.

Remember: if you renew online, you do not need to return the enclosed paper renewal form.

941 E-FILE IS HERE

In case you haven't heard, this summer we added e-file support for federal employment tax returns to CFS Payroll System. The *E-File Federal Employment Tax Returns* module is included in both the **941/940** and **LivePayroll** programs. It can currently be used to e-file Form 941; we will add support for other employment tax returns (Forms 940, 943, 944, 945) when we receive specifications from the IRS.

You are **not** required to e-file federal employment tax returns. However, if you wish to do so using CFS Payroll System, you must first meet the following requirements:

1. You must be a tax preparer. At this time, we are unable to support e-filing for employers filing their own employment tax returns.

2. You must have an IRS e-Services account. If you don't have an account, see the IRS website for information on registering.

3. You must submit an online e-file application via IRS e-Services to become an Electronic Return Originator (ERO) and a Transmitter. You will then be assigned an EFIN (Electronic Filing Identification Number) and an ETIN (Electronic Transmitter Identification Number). If you already have an EFIN for filing income tax returns, you will need to modify your application to include employment tax returns and to be an ERO and Transmitter. If you do not already have an EFIN, the application process can take up to 45 days, so plan accordingly.

There are helpful tutorials on the IRS website to assist you with using e-Services and completing or modifying an e-file application. Also see *Become an Authorized e-file Provider*, Pub 3112, and Pub 4163.

For information on how to use the *E-File Federal Employment Tax Returns* module, see the Payroll System Help file and the instructional video posted on our website.

CFS INSIDE SCOOP

941/940 OR LIVEPAYROLL?

We first released our popular *941/940* program nearly a quarter century ago. It was strictly an after-the-fact payroll program, meaning the user enters payroll data after checks have been issued and the program uses that data to generate reports and federal and state tax forms.

Ten years ago, we released *LivePayroll*, which essentially upgraded *941/940* to a live payroll program by adding the capacity to print checks. Since then we have added other features, such as direct deposit and vacation and sick leave tracking.

In short, *LivePayroll* has all of the features of *941/940*, but in addition, it does the following:

- Calculates wages based on employee's annual salary or hours worked/hourly rate;
- Calculates federal, state, and local withholding and other payroll deductions;
- Prints paychecks;
- Processes direct deposits;
- Tracks and reports workers compensation;
- Tracks and reports vacation and sick leave.

If you need a payroll program with the above features, *LivePayroll* should fit the bill. However, if you only need to file your clients' payroll taxes, *941/940* should suffice.

E-FILE FACTS

There are three methods of e-filing—(1) web-based, (2) file upload by the preparer directly to the taxing agency, and (3) file-upload to a third-party provider who then forwards the file to the taxing agency.

CFS can only support e-filing if the file-upload method is available and no third-party provider is required.

Details follow regarding which forms can and cannot be e-filed using CFS software.

California Sales Tax Preparer

In 2010, CFS became the first software company certified for the California Board of Equalization's Direct Transmit program.

Our *California Sales Tax Preparer* software allows the user to complete a Sales and Use Tax Return within the program, then transmit the return and payment directly to the BOE with the click of a mouse button.

941/940 and LivePayroll

Our *941/940* and *LivePayroll* programs now provide e-file support for federal employment tax returns, **provided they are filed by a tax preparer with an e-services account, an EFIN, and an ETIN.** (See page 1.) Both programs also support e-filing for a number of state forms.

CFS USER TIP

When in a form field that accepts either EIN (XX-XXXXXXX) or SSN (XXX-XX-XXXX), select **Field Format** from the **Options** menu to change to the appropriate format—or simply press **F** (for "Format").

New York Sales Tax Preparer

We had hoped we would be able to employ the same file-upload method for *New York Sales Tax Preparer* that we employed for *California Sales Tax Preparer*. However, the New York State Department of Taxation and Finance uses a manual web-entry system, which means we cannot support e-filing.

New York Sales Tax Preparer can still be used to store your clients' data conveniently on your computer, and to prepare printed forms as an aid to manually entering information online.

Because New York requires e-file and we are unable to provide it, **we have discounted the price of *New York Sales Tax Preparer* by 50%.**

W2/1099 (plus E-File Add-On)

Using *W2/1099* and the *E-File Add-On*, the following information returns can be e-filed with the federal government, as well as many states: W-2, 1098, 1098-T, 1099-A, 1099-B, 1099-C, 1099-DIV, 1099-INT, 1099-MISC, 1099-PATR, 1099-R, 1099-S, and 1099-SA.

At this time, we are unable to provide e-filing for ACA information returns (Forms 1094-B, 1095-B, 1094-C, and 1095-C).

REMINDERS

Shipping Policies

Software is shipped by first-class mail. When ordering software, customers may choose from the following three options:

1. Receive the initial release of each program on CD and download all updates for **\$7 per order**.
2. Receive the initial release and all major updates on CD for **\$25 per year**.
3. Download the program and all updates: **no CDs = no shipping charge**.

By choosing option three, you will not only save money on shipping, you will also have immediate access to your software. Some customers will receive the added benefit of not paying sales tax on programs downloaded from the Internet.

Note: due to the large number of updates required, users of *NY Sales Tax Preparer* **must** download all updates from the Internet, and therefore cannot choose option two.

Forms and supplies are ordinarily shipped UPS Ground. Cost depends upon shipment weight and destination. Costs may be higher for shipments outside the contiguous United States.

UPS Next Day and 2nd Day shipping options are also available, with cost depending upon shipment weight and destination.

Note:

- UPS can only deliver to a street address, not to a post office box.
- Severe weather may cause a delay in delivery. The UPS package guarantee does not apply when transportation networks are disrupted.

Installing W2/1099

If you purchase *W2/1099* at the end of the year, months after purchasing other CFS programs, the license code you received when you purchased those other programs **will not work for W2/1099**. You must use the new license code you receive when you purchase *W2/1099*.

The license code will be on your receipt for *W2/1099*. You can also look it up at www.taxtools.com by clicking on **License Code** under **Quick Links**. You will need to log in to your **MyCFS** account.

If you installed another Payroll System program (941/940, LivePayroll, or Corrector) at the beginning of the year, you do not need to install W2/1099. Just make sure you have installed the *Payroll System* update containing the *W2/1099* release. Then open *CFS Payroll System*, click on the **File** menu, click on **Firm Information**, and enter your new license code for *W2/1099* in the **License Code** field.

Sales Tax and Downloads

If you are a California resident (or, in some cases, a resident of another state purchasing software at a seminar), when you purchase a program on CD we must collect sales tax because you are receiving a **tangible product** (the CD). When you download a program from the Internet, we do not collect sales tax because there is no **tangible product** involved.

However, because most of our programs come on one Multi-Program CD, you may be charged sales tax on a downloaded program if you purchase a CD, **even if you purchase the CD for a different program at a different time**.

If you purchase **any** program on CD, we must charge you sales tax on **every** program you have purchased (or purchase in the future) that is also contained on that CD, **even if you download it**.

WHAT CAN YOU FIND AT TAXTOOLS CFS .COM?

At www.taxtools.com, you'll find all kinds of useful information, including...

Technical Support...

Need help? You might find the answer in the **Frequently Asked Questions (FAQ)** section of our **Technical Support** page. If not, you can submit a **Technical Support Request** or get live **Chat Support** from a technician. Under the **Support** menu or **Quick Links**, click on **Technical Support**.

CFS POLICIES AND DISCLAIMERS

Return/Refund Policy

Software and tax supplies returns will be accepted no later than 30 days from receipt of item(s). All tax year forms/envelopes must be returned sealed and unused within 30 days of receipt, but no later than December 15th of the same tax year. All refunds will be paid less shipping charges.

Shipping damage must be reported as soon as possible (no more than 14 days).

Free Shipping

There is no shipping charge and, in most cases,* no sales tax if you download the program and all updates and do not receive a CD. However, if you later request a CD, CFS is required by law to charge applicable sales tax on the original order.

Update CD Service

There is a charge of \$25 if you would like the initial release and all major updates for the year on CD. **Note:** this option is not available for NY Sales Tax Preparer.

Multi-Program Network License

You can purchase network upgrades for CFS programs for an additional fee. However, if you purchase several CFS programs, you might want to consider our Multi-Program Network License, which upgrades all CFS programs to the network version for an annual price of \$379.00. The Multi-Program Network License is not a stand-alone program—you must buy the single-user programs you wish to upgrade. This offer does not apply to Fill-N-Print.

Financial Planning Tools

The 2017 program will change to read-only mode after May 31, 2018. To enter new data after that date, you must order the 2018 program. The 2017 and 2018 programs may be purchased together for a special discount price of \$550.

Fill-N-Print

After a Fill-N-Print subscription expires, subscribers may still access saved data in "offline" mode. New files may be created once the subscription is renewed.

*An exception would be software purchased at a seminar in a state that requires sales tax on downloaded software.
